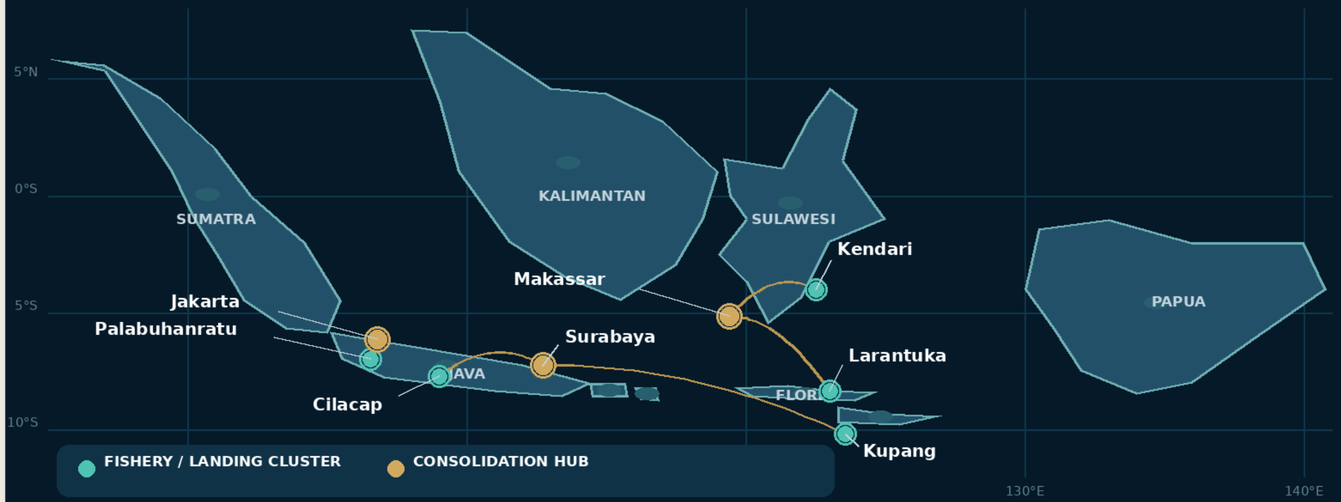
INDONESIA SOURCING FOOTPRINT

Landing areas and collection points



SEASON WINDOWS

Different fisheries; not one national calendar

MAKASSAR + KENDARI OPS sourcing knowledge	**Usually from September**
LARANTUKA / NTT Current lot confirmation required	**July–September reported historically**
JAVA COAST Handline / gillnet studies	**Seasonal; varies by port and year**
PAPUA No stable season established	**Exploratory**

DOCUMENTED CATCH METHODS

Local studies document the methods below; actual supplier gear is confirmed per lot.

HOOK / HANDLINE	Larantuka • small-boat night fishery in a historical survey
DRIFT GILLNET	Kolono Bay • gear recorded in local study
GILLNET	Cilacap • layur fishery study
SET / LIFT NET	South Sulawesi • layur recorded in local studies

PRODUCT / PACK: WR documented in OPS reference; HGT, freezing, carton, glaze and storage confirmed per lot.

COMMERCIAL SIZE LADDER

Buyer selects the bands • pcs/kg ≈ 1,000 ÷ g/fish (approx.; confirm per lot)

<100 g	100–200 g	200–300 g	300–500 g	500–700 g	700–1,000 g	>1,000 g
per fish	per fish	per fish	per fish	per fish	per fish	per fish

BUYER-LED SORTING

OPS lot experience: Java can include many fish below 200 g; NTT has a historical large-fish signal.

<100 g and >1,000 g are inquiry bands only; supply, mix and tolerance must be confirmed per lot.

BUYER-AGREED COMMERCIAL GRADES

Flexible specification; confirm each offered lot.

Hook A	Subject to lot confirmation
Hook B / Net A	Subject to lot confirmation
PP	Subject to lot confirmation

Grade definitions, condition and tolerances remain to be agreed.
Prices and availability require confirmation.

OCEAN PEARL SEAFOOD **Makassar / Surabaya for consolidation • Jakarta when needed**

SCHEMATIC SOURCING MAP • NOT FOR NAVIGATION

OPS/export references identify Trichiurus lepturus; Indonesian layur studies also record Lepturacanthus savala.
Gempylus serpens (layur hitam/samudera) is a separate local name. Confirm Latin identity from each offered lot's documents.
Sourcing knowledge and research are distinguished in the brief. Supply and size profile are confirmed per lot.
